**RECOMMENDED ACTION AND JUSTIFICATION:**

Update, discussion, and possible direction regarding the Safe Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) funding for improving 16 roads, a bridge and a bike path in Mariposa County.

Recent information from the California Department of Transportation (CalTrans) regarding the SAFETEA-LU program is that the County will have to spend its available funding on 16 roads, a bridge and a bike path, as this is the specific language that was part of the legislation. Previously CalTrans told us that we could utilize the SAFETEA-LU funding on fewer roads that were our highest priority for repairs or upgrades.

Another change is that we originally thought that the funding would have to be spent on some or all of the 16 specific roads listed in our initial request for funding. CalTrans is now saying that we can spend the funding on any 16 roads (or different sections of the same road) of our choosing, along with a bridge and bike path.

Based on this new information, Public Works is working on a revised list of road projects with estimated costs that will include the 2.8 million in SAFETEA-LU funding and the required \$700,000 in matching funds.

**BACKGROUND AND HISTORY OF BOARD ACTIONS:**

On September 12, 2006 the Board approved the recommendation of Public Works to utilize SAFETEA-LU funding for work on six roads; Ben Hur, Coakley Circle, Cole, Piney Creek, Triangle and Whitlock, Res. No. 06-431.
