RE: Mental Health Contract for Inpatient Services with Country Villa Health Services

Recommendation

It is respectfully requested that your Board: (1) approve continuing a contract for residential in-patient services with Country Villa Health Services; and (2) authorize your Chairman to sign the contract.

Background/Current Situation

This County does not operate inpatient, residential facilities and therefore contracts for such services. The new agreement is substantially similar to the contract currently in place. During fiscal year 2006-2007 one client was served at this facility.

Country Villa Health Services is a locked residential facility that is used to house clients who need a higher level of care than is provided at a board and care or a private residence. Clients referred to this facility would include LPS conservatives who are severely mentally ill and not able to maintain an appropriate level of behavior or take care of providing daily food, shelter or clothing for themselves without assistance and close supervision. This facility is used until such time as clients are stabilized and are able to be moved to a lower level of care.

The current contract was approved by your Board on August 1, 2006 by Resolution Number 06-357.

Financial

The rate for this service is \$150.19 per patient per day. This contract will continue to be paid within the Mental Health budget unit 0402. There is no impact to general fund dollars.
