Hi Dana,

Thanks for the info. The Union supports the change in working hours as described in your email.

Lisa,

The sign crew will work 9/80 schedule during winter months (non daylight savings months) and 4/10's during daylight savings months.

Thanks,

Dana Hertfelder

Subject: change in working hours

Dana,

I received your voice mail message about the sign crew wanting to change their winter hours. Please provide me more information, i.e. what will the working hours be and when will they be in effect. Will the sign crew work 4/10's during daylight savings months and a 9/80 schedule when not observing daylight savings? As soon as I get more details I can respond to the request.

Thanks.
