**RECOMMENDED ACTION AND JUSTIFICATION:**

Approve Budget Action transferring \$18,480.00 between categories in the Roads budget account from 300-0301-581-1090 (Contingency), to Roads budget account 300-0301-581-0644 (Other Equipment) for the Purchase of Autocad Civil Engineering Software.

**BACKGROUND AND HISTORY OF BOARD ACTIONS:**

The purchase of the Autocad Civil 3D software will allow the Engineering Division to make a seamless transition from survey work into design and straight through to construction. It will be utilized for the majority of construction projects significantly decreasing the time spent by engineering staff completing the process from design to construction.

**ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:**

Do not approve the requested budget action and engineering staff will continue to work on construction projects using manual methods as has been past practice.
