

FLAVORED TOBACCO PRODUCTS

E-CIGARETTES

Vaping devices, also known as **e-cigarettes**, are battery powered devices that typically contain nicotine and flavors

- All items above are vaping devices and **several resemble school supplies**
- These products require **liquid nicotine** to function
- **Vapes** are available in three forms: pre-filled, refillable, or single-use disposable
- There are over **15,000 flavors available**, including cotton candy and fruit

TOBACCO PRODUCTS

- A **cigar** is a roll of loose tobacco wrapped in a leaf of tobacco
- Similarly, **little cigars and cigarillos** (LCCs) are rolls of tobacco, but smaller in size
- All these tobacco products also come in flavors and **all contain nicotine**
- Their **bright packaging, enticing flavors** and **cheap cost** make these products appealing to youth
